..... — **ABOUT US**
 — **OVERVIEW**

Since its creation in 2002, Cobra Systems - an ATEQ Aviation brand since 2018 - has been dedicated to improving the designs of pitot/static test equipment. Technicians involved in aircraft maintenance on ground knows pitot probes should not be taken lightly. To avoid any obstruction that would lead to false on-board instrument readings, protecting pitot probe is key.

Constantly searching new ways to better support its partners and customers worldwide, ATEQ Aviation has developed with Cobra Systems a range of pitot probe covers to fit most of the aircrafts worldwide whether it is commercial, corporate, military or an helicopter. By using innovative technology and superior materials, ATEQ Aviation produces the highest quality tooling available on the market.
