➔ SCOPE OF DELIVERY

- T-RX Device (Ref.)
- Charging cable (Ref.)

➔ OPTIONAL ACCESSORIES

- Accessory kit (Ref.)
- GPS Signal Generator (Ref.)
- Antenna Coupler (Ref.)

➔ ACCESSORY

- The T-RX Accessory Kits includes the choice of a rugged carrying and roller case, along with an external high-gain radio antenna.
- TER-101 GPS Signal Generator: The GPS Signal Generator validates the GPS functionality on an aircraft. The durable design is easy to set up, and intuitive to use. It includes GPS L1 signal generation, SBAS (WAAS/EGNOS) satellite generation, dynamic position & altitude movement, and it uses the current GPS satellite almanac.
- IK-310 GPS Antenna Coupler: Our latest T-RX accessory, the GPS Antenna Coupler, provides more than 20 dB of antenna isolation to minimize interference from outside GPS signals. External GPS signals affect the aircraft's GPS receiver when using the GPS Signal Generator. high-gain radio antenna.

We are also committed to sustainability reducing energy use, limiting waste, electrifying our fleet, and offering eco-friendly products.
