PITOT-STATIC ADAPTERS AND TEST KITS ACCESSORIES

ALL AIRCRAFT COMPATIBILITY / AOA - PITOT - STATIC

Since our creation in 2002, Cobra Systems - an ATEQ Aviation brand since 2018 - has been dedicated to improving the designs of pitot/static test equipment. The result? We save you time and you gain efficiency. By using innovative technology and superior materials, ATEQ Aviation produces the highest quality tooling available, using ISO 9001 2015 standards and guidelines. We support over 400 aircrafts and have a catalog of over 2500 references from every major OEM.

Base on ATEQ Group's expertise on leak testing for 50 years, we manufacture air data test equipments and constantly work on improving the design of our pitot static adapters, providing you the all in one most reliable air data testing solution.

AIR DATA TESTING

ALL AIRCRAFT COMPATIBILITY / AOA - PITOT - STATIC

ADSE 550

Affordable and reliable Pitot-static Tester

- Altimeter testing
- Ground airspeed indicator testing
- Vertical speed indicator testing
- Manual Pressure and Vacuum generation
- Battery pack: up to 6 hours

ADSE 650

The best Pitot-static Tester on the market

- Altitude, airspeed, vertical speed testing
- Range: 60.000 ft - 650 kts - 6.000 ft/min.*
- Large tablet PC with LCD touchscreen
- Fully automated, leak testing
- High accuracy, high precision
- Compact < 6 kgs / 35x30x15 cm

RVSM
COMPLIANT

EFCTB Elevator Feel Computer Test Box

The most compact lightweight electric tester

- Air & Hydraulic supervision in one device
- Hand wheel adjustment, relieving diaphragm at 6 PSI
- Powered directly from the aircraft
- Time saving: 2 hours from set up to test result

ADSE 743/744

Pitot-Static Tester and AoA (on 744)

- Altitude, airspeed, vertical speed testing
- Range: 60.000 ft - 800 kts - 6.000 ft/min.*
- Extended range: 100.000 ft - 1.000 kts 60.000 ft/min.*
- Large tablet PC with LCD touchscreen
- Fully automated, leak testing
- 3 channels: Ps, Pt (and AoA for 744)
- Option: 17 to 32 V DC, ultra low speed option

RVSM
COMPLIANT

ADSE 746

Multi-channel Pitot-static Tester and AoA

- Altitude, airspeed, vertical speed testing
- Range: 60.000 ft - 800 kts - 6.000 ft/min.*
- Extended range: 100.000 ft - 1.000 kts 60.000 ft/min.*
- Large tablet PC with LCD touchscreen
- Fully automated, leak testing
- Up to 12 channels (PS x4, Pt x4, AoA x4)
- Option: 17 to 32 V DC, battery pack 2 hours, ultra low speed option, EPR...

RVSM
COMPLIANT

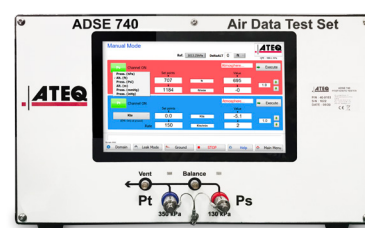

ADSE 740

Multi-channel Pitot-static Tester and AoA

- Altitude, airspeed, vertical speed testing
- Range: 60.000 ft - 800 kts - 6.000 ft/min.*
- Extended range: 350.000 ft - 1.000 kts 60.000 ft/min.*
- Large tablet PC with LCD touchscreen
- Fully automated, leak testing
- 1 Ps and 1 Pt Channel
- Option: Altitude coder option, SCPI option, EPR Option, Cabine Pressure Option, Outflow valve option

RVSM
COMPLIANT

AVIONICS TESTING

Verify, calibrate, and troubleshoot the aircraft installed systems.

The T-RX is designed to streamline aircraft maintenance operations, the T-RX is an industry-leading, all-in-one avionics tester, capable of conducting over 100 tests across 17 systems from the standalone device. The T-RX is recognized as the leading choice for aircraft OEMs, MROs, and AOG teams in the industry today.

T-RX FEATURES

- 1 device for 100+ tests
- Easy setup
- Rugged and compacted
- Large touchscreen display
- Single page test results
- Automated reporting
- Remote support and upgrades
- "ARINC 429 Databus" and "Antenna/Coas Testing"

Who can use T-RX for avionics testing?

- Avionics Manufacturers
- MRO & Repair Centers
- Aircraft OEMs & Integrators
- Airlines & Operators
- Defense & Aerospace Organizations
- Test Benches & Laboratories

When is T-RX used for?

- Design & Development
- Production & Quality control
- Integration & installation
- Maintenance & troubleshooting
- Repair & overhaul (MRO)
- Upgrade & Retrofits

ATEQ strives to continuously improve the industrial ecosystem through respect, integrity, security, green technologies and the use of recyclable components.

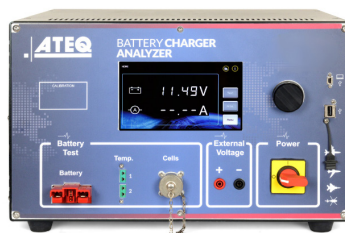

BATTERY TESTING ALL AIRCRAFT COMPATIBILITY

BCA

Battery Charger Analyzer 75 V – 40 Amps | 48 V – 60 Amps

- 2 Batteries in charge mode or 1 battery in full discharge mode
- Temperature Measurement with type K thermocouples
- 24 cells voltage measurement
- Alarm for electrolyte level
- Computer Management System available
- 7 Inch Touch screen color display

BC 1500

Battery Charger for Aviation lead-Acid batteries

- Internal resistance determination
- Charge at constant current/constant voltage
- Max charge 1440W - Self protected reverse polarity indicator
- Upgradable Software and Battery database integrating battery manufacturer specifications
- Device fully automatic plug & play, no set up required

BA 1500

Battery Analyzer for Aviation lead-Acid batteries

- Max discharge 1750W
- Discharge at constant current
- Capacity test
- Self protected reverse polarity indicator
- Upgradable Software and Battery database integrating battery manufacturer specifications
- Device fully automatic plug & play, no set up required

ATEQ commits to the quality of its products on each step, from design to delivery, according to industrial standards.

BOND AND LOOP TESTING CHANNELING ELECTRICAL CURRENT WITHIN ANY TYPE OF AIRCRAFT

AX7 Portable Milliohmmeter / Microohmmeter

COMING
SOON

3 modes for any tasks

Tactile and intuitive interface

Compact, ultra-precise
milliohmmeter

Smart connectivity

8 hours autonomy*

Fast, reliable,
and robust

- 3 modes for many tasks
- Large range from $1 \mu\Omega$ to 60Ω
- From 100 mA to 1 A in 100 mA increments
- From 1 A to 10 A in 1 A increments
- High tolerance 0.1% of measured value
- 400 individual test points memory
- Up to 32 programmable sequences
- Smart connectivity (Wi-fi, USB)
- 7 inch touchscreen
- Portable and light weight (2.85Kg with battery)
- 8 hours autonomy*
- Smart probes

*Autonomy: up to 1000 measurements per charge, depending on battery condition. Please refer to ATEQ's list of recommended compatible battery models

LRT 6000

Portable Micro-ohmmeter and loop resistance Tester

- From $0,1 \mu\Omega$ to $200 m\Omega$
- USB port
- Easy to read large display
- Loop test: only one clamp, generation + measurement
- Memory of 2000 readings
- Compact and light weight: < 2 kgs - Loop Resistance Test + Contact Resistance Test

ATEQ AVIATION AFTER-SALES SERVICES & SUPPORT

GLOBAL EXPERTISE, LOCAL SUPPORT – SECURING YOUR PRODUCTIVITY WORLDWIDE

At ATEQ Aviation, customer support and after-sales service have been at the heart of our commitment since day one.

Our mission is simple: secure your productivity by supporting you in maintaining your turn around times as short as possible. **We test, you fly**

To achieve this, ATEQ Aviation has developed a worldwide network of service centers, and technical experts strategically located near major aircraft maintenance and repair hubs. This global presence allows us to respond quickly and efficiently to the operational needs of airlines, MROs, OEMs, and aircraft manufacturers around the world.

A FULL RANGE OF SERVICES DEDICATED TO YOUR PERFORMANCE

MULTIBRAND CALIBRATION SERVICE

Ensure your productivity with a 5 days service turnaround (transport not included)

ATEQ Aviation recommends that our reliable instruments be calibrated every 12 months to maintain optimal accuracy. Each repair or calibration has a 6 months warranty.

DEMO UNIT RENTAL

Keep your maintenance and production departments running while your instrument is being serviced

ATEQ Aviation has a well-stocked inventory of rental equipment ready to be shipped out for quick turnaround. A service also available during your test and feasibility campaigns.

TRAINING

Have your technicians and engineers immediately operational

Our training sessions are designed to ensure that technicians and engineers come out with a level of knowledge that allows them to make the most of their equipment. More than a mark of our advantage compared to competitors, this service illustrates our desire to work with our customers to build a close collaboration.

MAINTENANCE & REPAIR

+40 years Customer Support Experience

On-site device verification or at our premises, ATEQ Aviation maintenance is 6 months warranty. Adapter and Accessory Repair (100% replacements of COBRA Adapters damaged parts) and verification on test sets regardless of manufacturer. ATEQ Aviation has the tooling, inventory & expertise to quickly return your equipment to service and save your valuable time. Need phone support? ATEQ Aviation Team commits quick and reliable answers.

FREE LOAN PERIOD

Enjoy an exclusive appreciated service

You can test our equipment free of charge to make sure that you have chosen the correct one.
