

ATEQ France Management Policy

With 50 years of experience, our mission is to provide reliable and eco-innovative testing equipment designed to fully satisfy our stakeholders.

We ensure **compliance with all applicable requirements, whether related to our stakeholders, legislation or regulations in force.**

We are committed to protecting the environment by preventing pollution and continuously reducing our greenhouse gas emissions.

Our ISO 9001 and ISO 14001 certified quality and environmental system aim for **continuous improvement to advance our quality and environmental performance.**

Our management strategy is based on the following strategic priorities:

1 Guaranteeing high-quality services:

- 1.1 Guaranteeing the long-term continuity and improvement of quality management across the organization.
- 1.2 Maintaining our market share and conquering new emerging markets
- 1.3 Encouraging our staff to listen to customers in the field.
- 1.7 Committed to continuously improving our performance and expertise in order to enhance customer satisfaction

2 Ensuring environmental protection and prevention :

- 2.1 Reducing our energy consumption and use renewable energy sources
- 2.2 Electrifying our vehicle fleet
- 2.3 Achieving carbon neutrality
- 2.4 Recovering and reconditioning parts and/or sub-assemblies from our end-of-life devices
- 2.5 Prioritising repairs to sub-assemblies
- 2.6 Fostering a culture of prevention and environmental responsibility within ATEQ France

As President, I am committed to providing the necessary resources. **I delegate authority to Bruno SERATO, Director of ATEQ France**, to establish, implement and maintain this policy.

I invite everyone to join me in this great project.

At Clayes sous Bois, 1 September 2025

Laurent GERARD, President
