Per million d'€ of revenue	158 tCO ₂ e		156 tCO ₂ e
Per employee	58 tCO ₂ e		36 tCO ₂ e

GHG Emission Reduction Strategies of ATEQ SAS and ATEQ FRANCE:

- Net zero emissions for scopes 1 and 2 by 2030: use 100% renewable energy and have a fleet of 100% electric vehicles
- Net zero emissions for scope 3 by 2050: many actions on eco-design, freight transport, staff travel, IT equipment...

Note that following a change in the calculation of our emissions (further details in the measurement), we are changing our reference year, which will now be 2024.
